

Dear Ximena,
Thank you for letting yourself be... Thank you for coming out as trans and for staying strong as you live as trans. It takes bravery not to allow oneself to be swept up by the wind. I would have never understood how hatred against my undocumented self functioned or how I internalized it, if you hadn't pushed you to love all of me.

So, thank you! For making me, us, whole.

and where does
it say who
I'm with is
predetermined?
